MARONITE HISTORY

The Pontifical Mission of 1578

In the 15th and 16th centuries, contacts between the Holy See and Maronite patriarchs continued. Missionaries and papal legates continued to be sent to Lebanon. Often, they brought with them gifts of Roman altar vestments and furnishings. In the pontifical letters that were sent one can determine time and again the particular importance that the Popes attached to the adoption of certain rites and usages of the Latin Church, especially in the administration of the sacraments. And so the way was prepared for a systematic Latinization that would be accomplished in the succeeding centuries. In 1578 Papal legates John Baptist Eliano, S.J. and Thomas Raggio, S.J. were sent to the Maronites. They brought with them a Papal Bull addressed to the Maronite Patriarch. After acknowledging the faith of the Maronites, Pope Gregory XIII requests that the Maronites follow the Roman tradition in not adding references to Christ in the Trisagion, in having only Bishops administer the sacrament of Confirmation, and in not giving the Eucharist to children under the age of reason. The Holy Father closes by saying that he is going to send Arabic translations of the decrees and canons of the Council of Trent, and a catechism for use of pastors. We might note that the changes advocated by the Holy Father were of longstanding liturgical practice in the Maronite tradition. After meeting with the Maronite Patriarch, the Papal legates sought to examine the liturgical, canonical and theological books used by the Maronites. Father Eliano proceeded to censor and burn the books he considered contained errors. He has been accused by the Maronites of destroying many precious manuscripts important for the history of the nation. In fact, Patriarch Stephen Douaihi, noting that Arabic words often have many meanings difficult to understand, claims that Eliano was not a scholar in Arabic. Douaihi further observes that Eliano did not distinguish books accepted by the Maronites as contrasted to those of the Roman rite. On the other hand, Eliano's behavior is defended by the Jesuit scholar, Louis Cheiko. ... *To be continued....*
